
NBS Specification: ROCKWOOL HARDROCK® Multi-Fix Angle Fillet

PRODUCT SUMMARY:

Stone wool angle fillet for flat roof applications.

PRODUCT GENERAL DESCRIPTION:

Manufactured from high density, fire resilient ROCKWOOL insulation, and faced with a white mineral coated glass fibre fleece, HARDROCK Multi-fix Angle Fillets are designed to fully support bituminous waterproof membranes at 90° abutments.

The smooth transitions allow water to run off freely, as opposed to holding in corners, where it could potentially seep into the building and cause structural damage.

FEATURES AND BENEFITS:

- Secures a strong bond to the waterproof membrane.
- Manufactured from fire resilient stone wool, HARDROCK® Multi-Fix Angle Fillets are ideal for application to bitumen systems
- Prolongs the life of the waterproof membrane.
- Cost effective and easy to install with an efficient application process.
- Single size solution compatible with all bituminous and GRP membrane systems.

APPLICATION:

Supports bituminous and GRP membranes at 90° abutments, providing a smooth transition.
